You can prevent Baldness by using

PAUL WESTPHAL'S AUXILIATOR,

Which we always keep on hand. Here is a testimonial from one of many prominent business men who have used it:

RUTLAND, VT., April 5, '95.

I have used Westphal's Auxiliator with benefit myself, and have seen some cases where it has increased the growth of hair.

Webster's International Dictionary

Successor of the
"Unabridged."

Standard of the U. S. Supreme Court, of the U. S. Government Printing Office, and of nearly all the Schoolbooks. Warmly commended by every State Superintendent of Schools.

THE BEST FOR EVERYBODY
BECAUSE

It is easy to find the word wanted.

Words are given their correct alphabetical places in the vocabulary, each one beginning a paragraph so as to be readily caught by the eye.

It is easy to ascertain the pronunciation.

The pronunciation is shown by the ordinary diacritically marked letters used in the schoolbooks, whose sounds are taught in the public schools.

It is easy to trace the growth of a word.

The etymologies are complete and scientific, and the different meanings a word has acquired are given in the order of their development.

It is easy to learn what a word means.

The definitions are clear, explicit, and full; terse, yet comprehensive. Each definition is contained in a separate paragraph.

When You Want a Lawyer,==

Do you go to all the attorneys in your town and ask for bids, and then employ the cheapest? or do you *SELECT THE BEST* and then pay what he charges you?

Why not *APPLY THIS PRINCIPLE* to printing, if you want the best?

Of course we can do your work as cheap as anybody, for we have all the facilities; new machinery, new type, and the largest paper warehouse in the State.

But Do You Know

Of any one who is giving away gold dollars for fifty cents?

Think this over, and then give us a chance. We will try to please you.
